

Air Conditioning and Ventilation Outage Notice

Location: Engineering Gateway – Building #321

Disruption/Outage: Air Conditioning and Ventilation Outage

Date: Friday, December 20, through Sunday, January 5, 2025.

Duration: Scheduled to begin at 6 p.m. on Friday, December 20, and last for approximately 16 days, ending at approximately 5 p.m. on Sunday, January 5.

Details: Facilities Management in coordination with Administration and School of Engineering, is replacing air handler #2 at Engineering Gateway. During this time, air conditioning and ventilation will not be available in offices shown on attached floor plans. Considering the lack of ventilation, remote work is strongly encouraged during the above duration.

- **Crane work is scheduled for December 23 and access to Eng. Gateway and ELF buildings via Loading Dock will be restricted till 12 pm.**
- Laboratories and cleanrooms ventilation will not be impacted.

* We use South Coast Air Quality Management District (SCAQMD) compliant low-VOC materials (e.g., paints, sealants, etc.). For any health concerns, please contact Environmental Health and Safety at x4-6200

We appreciate your cooperation and apologize for any inconvenience this may cause. If you have any questions or concerns, please contact Facilities Project Manager, Amir Anvarhosseini, at 949-343-5375 (cell) or aanvarho@uci.edu.

Cc: Building Facility Manager (please route to appropriate MSO/affected faculty and/or staff)
