

Dear Campus Customers:

Central Plant will be conducting a regularly scheduled high temperature hot water shutdown the weekend of Friday, September 17, 2021 through Sunday, September 19, 2021.

We will be shutting down after 5:00p.m. on Friday, September 17, 2021. Normal service will be restored no later than Sunday, September 19, 2021 at 11:00p.m.

The purpose of this shutdown is to conduct regularly scheduled maintenance of equipment on the high temperature hot water system and the cogeneration plant. The systems that will be affected during the shutdown will include: building heat, industrial & domestic hot water, and steam generation for cage washers and autoclaves.

The chilled water supply for the buildings and process cooling will **not** be affected during this shutdown.

This maintenance will help ensure that we provide reliable service to the campus community.

Buildings NOT affected by the Central Plant HTHW Shutdown:

AIRB	Irvine Hall
Beckman Laser	Med. Ed / Berk Alumni
Berkeley Place / Law School	Med Surge I
EH&S	Med Surge II
Gavin Eye Institute	Mesa Arts, Commons
Gillespie (Heating will be affected)	Multipurpose Academic & Admin. Bldg.
Gottschalk	Multipurpose Science & Tech. Bldg.
Gross Hall (Hot water will be affected)	North Campus
Hewitt	Rockwell Engineering
Hitachi	Sprague Hall
Housing	

Please call Tony Garrit at 824-5140 or Mike Bonomo at 824-8715 for questions regarding this regularly scheduled shutdown.

Mike Bonomo, PE
